

Caveman Custom Garages

2024/25

catalog

we're not building a garage.
we're building your garage

Cabinet options

Pictured is 2 overhead cabinets, a tall cabinet, two short rolling cabinets with drawers or shelves and a table. Each of these can be chosen in white, grey or black

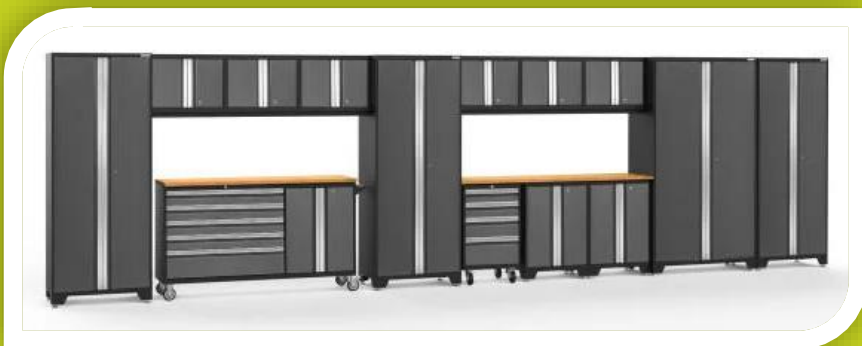

- Simple, easy and organized
- Great for small garages

Here is another option for cabinets. These are more expensive, but for many reasons.

- Higher quality
- Locks for safety
- Larger countertops
- More space

Come in grey as pictured, black or red. Bamboo or stainless-steel countertops

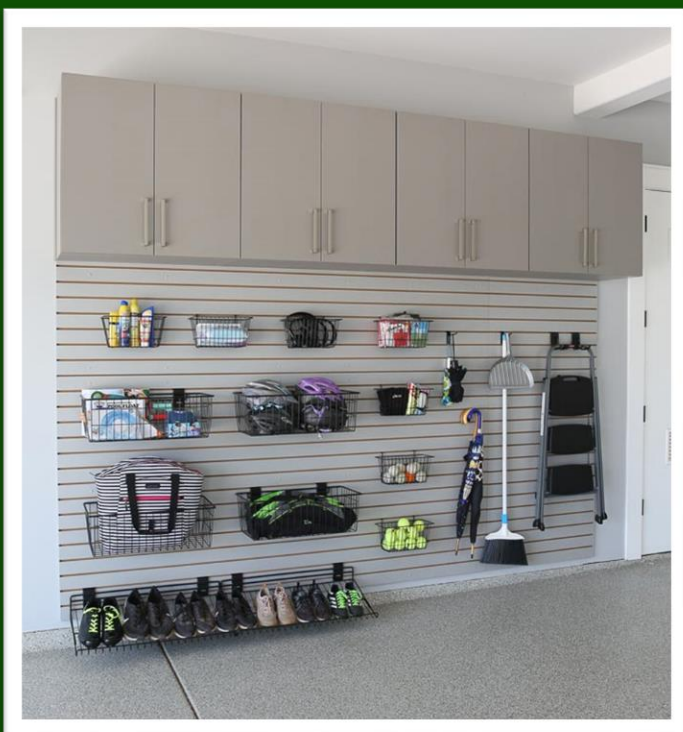

Slatwall options

Slatwall is an incredible way to maximize storage on the walls of your garage. Not only does it look great and make things easy to access, it adds value to the home!

Three kits for slatwall attachments:

Slatwall is just an extra touch to your garage that makes all your neighbors jealous. Perfect to maximize vertical wall space and works especially well in tight garage areas.
